DfE Short Breaks Innovation Fund

Programme Objectives (at least one)

- Test **innovative** approaches to short breaks delivery, by offering a **new or different service** from what is currently available locally.
- **Connect with** other parts of **the system** for a joined up package of support for families
- Create short breaks provision where there are current **gaps in current provision** not met by demand (e.g. particular types of need, age group, geographical coverage)

Programme Benefits:

- Improve educational outcomes for **CYP with SEND**
- Improve emotional outcomes with **CYP with SEND**

Gaps in Current Provision

Programme Benefits:

- Improve educational outcomes for CYP with SEND
- Improve emotional outcomes with CYP with SEND
